Stern Pinball to Release Game of Thrones® Pinball Machines

World’s Leading Maker of Arcade-Quality Pinball Games Partners with HBO Global Licensing® to Announce Newest Pinball Title

ELK GROVE VILLAGE, IL – September 8, 2015 – Stern Pinball, Inc., the world’s oldest and largest producer of arcade-quality pinball machines, proudly announced today the availability of Game of Thrones pinball machines. Inspired by the hit HBO® drama series, the newest Stern machines put players in the heat of battle where noble families fight for control of the Iron Throne of the Seven Kingdoms.

Stern’s Game of Thrones Pro, Premium, and Limited Edition machines are packed with features and toys that provide an irresistible challenge to play against kings, knights, knaves and dragons. Each player can choose to be a Knight of the Stark, Lannister, Greyjoy, Baratheon, Martell, or Tyrell family Houses, and pick other Houses to battle. Game of Thrones actor Rory McCann as Sandor Clegane (The Hound) guides the player throughout the game with authenticity and strong presence. The goal of the game is to rule the seven kingdoms of Westeros.

“The Game of Thrones pinball machine celebrates the much-loved HBO series and gives fans an intense, high-energy pinball experience,” said Gary Stern, Chairman and CEO of Stern Pinball, Inc.

The Game of Thrones pinball machine will be available in three models offering a variety of pricing and exclusivity for Game of Thrones fans and pinball collectors. All three models feature an animated, interactive dragon that roars, flies, and breathes fire through the magic of all-LED lit playfields. Players can slam the ball into the Battering Ram, attempting to break down the Castle Doors and grab features such as Super Jackpots, Wild Fire, and Playfield Score Multipliers. The animated mechanical Sword of Multiball holds back reinforcements until it’s time to attack. A bank of three Drop-Targets lights the Lord of Light Lanes to protect against side drains and awards other progressive features. A Kickback fires the ball in anger when struck.

Players can win valuable random awards and features with Reel Pops™, a fun new software mechanism, by playing the Pop Bumpers and spinning three virtual spinning reels on the display. When three identical symbols line up, the player is awarded the prize shown on the reels. Earn Gold and spend it on needed weapons and features. An Action Button is featured on the front molding for the largest array of interactive play features ever seen in a pinball machine.

The Game of Thrones Pro model includes all the above features and 7 multicolor Shield inserts that represent the great Houses of Westeros and special shots on the playfield. Lightning-fast ramps and orbits send the ball on fascinating and versatile courses throughout the game.

Enter a whole new realm with Game of Thrones Premium and Limited Edition Pinball models. Vastly different from the Pro model, both Premium and Limited Editions feature a massive and challenging Castle upper playfield with a second set of full size flippers, shots and an animated Dragon. Both models feature dazzling, full-playfield, color-changing LED’s throughout the game. An Elevator serving two “floors” brings the ball up to the Castle where the players battle
against Houses and Dragons. The second Elevator floor delivers the ball to the Iron Throne, where victories great and small can be celebrated. Amazing light shows and effects are a visual celebration of players’ victories.

The Limited Edition model delivers all the play features of the Premium model, while also featuring a Certificate of Authenticity, a numbered plaque, a designer-autographed playfield, a beautiful, hand-drawn cabinet and backglass artwork by Bob Stevlik. Exclusive, glossy, black-powder-coated, laser-cut side armor features dragon elements of the Targaryen Sigil and is inscribed with the Targaryen House motto, “Fire & Blood”, all highlighted with a rich, red mirrored backing.
